Description

Holiday card, opens to a note in graphite: Dear Brother Lewis, here you see your house in all its glory, and I hope you love it as much as we do. Doesn't it make you want to say "To H-ll with the war debts! I think I'll take a trip to France!" We wish you a merry Christmas, and send love and renewed thanks for our new 13th c. house and garden. Louise & Pierre
